DETAILED ACTION

Allowable Subject Matter

1. Claims 1-17 are allowed.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest one or more of the limitations found in independent claims 1, 4, 8, and 12. U.S. patent application publication no. 2002/0122308 to Ikeda teaches a similar system to that of the present application. However, with respect to independent claims 1 and 4, Ikeda, as well as the other prior art of record, fails to teach or suggest a test current supply unit adapted to supply a test current to the light-emitting element when the light-emitting element is switched off. With respect to independent claims 8 and 12, Ikeda, as well as the other prior art of record, fails to teach or suggest a test current supply unit adapted to supply a test current to the light-emitting element when the light-emitting element is switched off; and an arithmetic unit adapted to carry out an arithmetic operation for respective terminal voltages of the plurality of light-emitting elements supplied with the test current from the test current supply unit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
